

Boarding Services

Whispering Oaks Boarding Services - Worth the Distance

The Whispering Oaks difference?

All dogs must have updated shot records and be on a flea & tick program and be “on leash” when you arrive.

1. Dogs love it here because they play all day.... it is like a “doggie day care.” They get individual attention and interaction.

. **2. They come out** at about 7AM and go up at about 9PM (depending on Summer or Winter Schedule). Most kenneling services have your dog out 2-3 times per day for 5-15 min. The rest of the time they are in a crate.

. **3. Whispering Oaks Advantage:** *No need to fret! they'll love it!*

A. All 5 fenced in areas are within 100' of our home Each run is shaded under large oak trees. It is your responsibility to let us know if your dog is a fence jumper.

B. We (our family) live on the property on five acres in a beautiful log cabin.

C. Socialization is a big plus when dogs are out together playing with each other all day - *we do practice segregation when needed*

Dogs eat in their own space - dogs have water all day

D. Dogs are not left in crates so long that they urinate and defecate in their crates & on themselves as in other kennels

E. Large 4'x6' kennels for dogs to sleep in at night - They sleep in our working barn that is cooled with (2) 2000 cfm evaporator cooling units and 4 high velocity fans

F. Our barn is heated in the winter, crates have 18” of straw to burrow in and each crate is blanketed if needed! *Remember they come with their coats on already!* Crate temps are about 80 degrees

G. If there is severe weather or temps reach 85 degrees F dogs are in the air conditioned barn from 1-6PM, this still gives them over 8 hrs. each day of play time.

H. This boarding situation is a must for dogs that hate crates, have separation issues, large breeds, and dogs that come back from other facilities as “barkers” and “pee-ers” in their crates!
